

## The Heron WATER TAPE

A tough economical water level meter. The low cost and durability of the **WATER TAPE** make it an ideal choice for well drillers, pump installers and other severe service users

The **WATER TAPE** is designed and built with the same attention to quality and value as other heron Products

### The Heron WATER TAPE Specifications

#### The Tape

Kevlar reinforced polyethylene dog bone section with stainless steel conductors. Graduated in feet x 100th/ft or meters x mm for durability and precision.

#### The Probe

16 mm (5/8") diameter 19mm (7 1/2") long probe constructed from stainless steel and Teflon®. The probe has no holes or recesses to trap contaminants and is water tight to the full depth of the tape.

#### The Electronics

Fully encapsulated circuitry for protection against dirt and moisture. Single easy change 9 V battery accessible from the panel. Signal by audible buzzer and extra bright LED Light

#### REEL

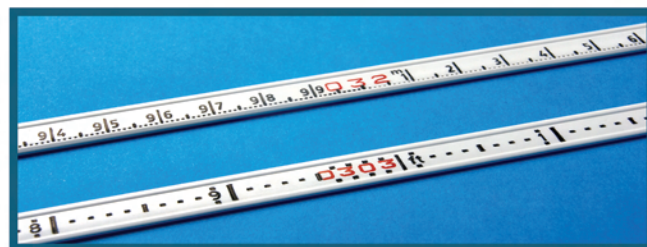

A tough nylon or aluminum (depending on tape length) reel mounted on a sturdy powder coated steel frame. A soft vinyl hand grip, ergonomic, reel lock and casing hanger are incorporated into the frame.
